Mr. Eikin's Democratic opponent is Samuel G. Thomas, who holds the place by appointment. The Democratic managers have made no estimates, beyond saying that the Republican prediction is too high. City Republican Leader Durham says Philadelphia will give a Republican plurality of 13,000 to 133,000.

The Democrats have made a determined fight in eight of the thirty-two Congressional districts, and hope to increase their membership in the National House by three. The Republicans claim the Republican delegation will remain the same.

### INDIANA SAFELY REPUBLICAN

### But Democratic Chairman Taggart Won't Admit It.

INDIANAPOLIS. Nov. 6-There is no perceptible change in the political situation in Indiana since Saturday night. The leaders of both parties appear confident that their work has been brought to a

ruccessful conclusion.

The Vice-Presidential candidacy of Senator Charles W. Fairbanks, the coincident candidacy for re-election of Senator Albert J. Reverlage and the possibility of the election of the Republican national licket has injected into the political situation in this State a poculiar and unusual contingency.

ticket has injected into the political situation in this State a poculiar and unusual contingency.

The possible necessity for the election of the two United States Senators has been the incentive for the Democratic State committee to concentrate its efforts on the Legislative ticket. Many prominent Democrata believe their party will make strious inreads upon Republican strength on the Legislative districts. On the other hand, Republican narries, On the other hand, Republican narries will have increased representation in the Legislature. Today it appears that indiana is Republican by a safe majority. It is concensus of couling that John W. Kern, the Democratic candidate for Governor, will run considerably ahead of the national ticket or conversely that J. Frank Hanly, Republican candidate, will poll fewer votes than President Reconveil. Indications are that the Congressional elections will result in no change in the complexion of Indiana's representation. The Democratic probably will elect four Congressmen and the Republicar time. Thomas Tagyart, chairman of the Democratic National committee, spent the day in his office in conference with party leaders. When asked for an expression of opinion as to the result of the election on Tucaday he replied. Say to every one that the National Democratic ticket is safe. He was vigorous in his prediction that the Democratic of Indiana would elect the State and Legislative ticket.

CHICAGO, Nov. 6 -- At the Western headquarters of the Republican National committee the day was spent by those remaining at headquarters in making esti-mates of how large President Roosevelt's majority would be.

mating at headquarters in making estimates of how large President Roosevelt's majority would be.

There was a report affoat at headquarters tonight that the Republican National committee would maintain the headquarters of the committee in Washington during the next four years. To give strength to the statement if was rumored that Chairman Cortelyou would be located at Washington for the next four years, and would be unable to use his office as the besidquarters of the committee, as Sensior Haima did, and hence it would be necessary for convenience sake to open headquarters at the national capital.

Roy G. West, chairman of the Republican State committee, said tonight: The probabilities are that the State will be represented in Congress by at least seventeen Republicans. Two of the districts are still doubtful and we may be able to cut down the number of Democratic Congressmen from eight to six, making our total representation nineteen.

The Democratic leaders, while admitting that it has been an uphili fight, declare that they still have hopes of carrying filinols. Royse C. Sullivan, Democratic National Committeen an, said tonight: "While it is a far reach to place illinois in the Democratic column, still it must be remembered that Illinois went Democratic in 182 when nobody expected it would do so. There are many of the same political conditions in Illinois this year as there were twelve years ago, and we carnessly believe we have a chance for success again."

BOISE, Ida., Nov. 6.-The registration of the State foots to \$0,000, about 20,000 of the State Pools to 80,000, about 20,000 more than two years ago. This increase introduces a feature that is difficult to estimate. The Republicans claim they have full 60 per cent of the new settlers. Boise shows a registration of 459, while Ada county, in which it is situated, has 500 registered it is claimed that the county will give Roosevelt 2500 majority, and maintain its position as the banner.

county will give Roosevelt 2500 majority, and maintain its position as the banner Republican county of the State.

Belated news from the north end of the State indicates that the Republican estimates on the State licket in that section may be cut down considerably. It is probable it will not exceed 1800, while in the entire State outside of the Mormon countles it promises to be about 4000. The six Mormon countles may run it up to 10,000. Roosevelt's majority in the State will be above 12,000.

Mr. Bliss will not deny that. E. H. Harriman of the Union Pacific was one of those present. G. F. William Halsin, chairman of the executive committee of the Republican County committee, tonight gave out a forecast of the result, in which he estimated 154,000 votes in New York county for Rossevelt and 184,000 for Parker, with about 60,000 votes going to the other candidates.

Continuing, he said: "I do not estimate that the difference between the vote of Rossevelt and Higgins in New York county will exceed 11,000. BUTTE, Mont., Nov. 6.-The campaign BUTTE, Mont., Nov. 6—The campaign in Montarea will close with addresses by United States Senator W. A. Clark and a rumber of local speakers in this city for the Democrats, while the Republicans will conclude with a grand raily with local speakers on the rostrum. A feature of the campaigning in this State has been the large registration and weather conditions favoring the voic, it is believed, will be one of the heavlest polled in the ristory of the State.

Republican mutuagers tonight express themselves as feeling very sanguine over the outlook predicting that from further reports from the outlying district the belief is six agythened that Montan will go for Rossevelt by 7500, reterming Joseph Rixon to Compress and electing a Republican Legislature.

Democratic lenders declare there is not the slightest doubt that Jodge Packer will carry the State by a good majority, also that the complexion of the next Legislature will be Democratic. The election of Austin C. Gormley to Compress is also forecasted. The election of Gov. J. K. Toole, (Democrat) is practically canceded by all parties. n Montana will close with addresses by

### Roosevelt Will Have 70,000 Plurality

Roosevelt Will Have 70,000 Plurality
TOPEKA, Kan., Nov. 5.—It is conceded
by the Democratic State committee tonight that Roosevelt's plurality in Kansas
will be about 70,000, but it is claimed by
the committee that the Democratic State
ticket will be elected, because of a complicated bullot system in this State which
probably will result in many defective
ballots if much scratching is done. It
is believed that thousands of Republicans
will vote against T. J. Kelly, Republican
candidate for re-election to the office of
State Trensurer, against whom serious
charges have been preferred in the conduct of his office. The Republicans
chaim that Roosevelt will carry the State
by \$5,000 plurality and that the State
fleket will be carried by a safe plurality,
admitting, however, that Kelly will run
about 20,000 behind his ticket.

### Democrats Fear Colonization.

NEW YORK, Nov 6.—The Democratic State committee telegraphed to county and town committeemen along the Penn-sylvania and Canadian borders today as

follows:

"We have specific information that squads of Republican colonizers from Pennsylvania and Canada are leaving today for your place. They have been furnished with names and addresses from the registry in your district, and will attempt to vote under those names. The committee further alleges that plans were made to colonize Watertown, Lawrenceville and Ogdensburg, all in New York State.

WHEELING W. Va., Nov. 6.—National Committeeman John L. McGraw and State Chairman O. S. McKinney of the Democratic organization tonight both express the greatest confidence in the outcome. The Democrats claim that they will elect S. W. Walker in the Second and Allen C. Murdock in the Fourth Congressional districts, with good fighting chances for Davenport in the third and Altizer in the Fifth.

Dovener (Rep.) is expected to win over Barnes in the Wheeling district, the normal Republican majority being between 4000 and 5000. The Democrats are making a great effort to capture the Legislature and the Republican tax-reform disaffection is aiding them materially.

TRENTON, N. The Democrats, on the other hand, have more condidence in defeating Stokes than they have in carrying the State for Parker.

Democrats After Legislature.

WILMINGTON, Del., Nov. 6.—About the most interesting development of the cambaign in Delaware today is the claim of the Democrats that they will have a majority of the next Legislature, which is to elect a United States Senator who is to succeed Senator Ball. They give no figures, but have their claim on defection in the Republican ranks ever the compromise candidate for Governor. The Democrats still think their candidate for Governor will be elected and that Parker has a good chance of carrying the State.

The Republicans claim the Legislature and the State and National tickets, placing Roosevelt's majority at about 2000.

Roosevelt's Majority Question of Size. Roosevelt's Majority Question of Size.

ST. PAUL, Nov. 6.—Roosevelt will carry the State, the only question being the size of his majority. Republican managers claim it will be at least 70,000. The Republicans are practically certain of a solid Congressional delegation. The only uncertain element in the State campaign is the Governorship. Newspaper partisans of John A. Johnson give him pluralities ranging from 6000 to 26,000. On the other hand, the Republicans claim the election of Robert C. Dunn by 41,000 plurality. That there is serious defection among the Republicans is admitted.

### Remarkable for Lack of Interest.

SIGUN FALLS S. D. Nov. 6-Th ampaign in South Dakotz was in many respects the most remarkable in the history of the State, as little interest has been shown.
